Dream Clean Ovens was established in January 2016 by owner and operator Nick Lambert and his wife Sue.

If you are a hard working person looking to run your own business, then Dream Clean Ovens is for you.

Why choose Dream Clean Ovens?

- A fresh new franchise opportunity
- We have succeeded, so you can succeed too
- Large protected areas giving potential for expansion
- Expertise across social media platforms
- Proven demand and regular business
- Potentially unlimited earnings

We are a company that wants you to succeed. We will give you an enormous territory of approximately 100,000 households. This will give you not only the opportunity to find work immediately, but also be able to expand your operation with no extra charges from us. You will find our training very hands on as you clean real customer's ovens. This means you will gain first-hand experience how real ovens look after cleaning and how the customers react to our service and our 100% Eco friendly products. During the training week, we will teach you how to use the laptop and social media and also how to create promotions and special offers.

Your success is our main aim and with that in mind we will waiver the first 2 months management fee.

This is explained more in the contract.

Joining the franchise

Our bespoke franchise package costs £9000 + VAT which includes everything you need to get your business started. We also provide a laptop, which we will teach you how to use during the personalised training we provide.

Our starter package which only consists of 50,000 households, but includes everything else apart from accommodation during training and also a laptop costs £5000 + VAT.

You will have to purchase your own van but we will get it sign written for you whilst you are training.

There is also a monthly management fee of £250 + VAT, but that is it; so the more you earn the more you keep for yourself.

Testimonials

N Connors, New Haw

Hi just wanted to say thank you for the fantastic oven clean. I have had other companies promise they used chemical free products only to have to remove my young children from the house due to the fumes. I have not had to worry about this with your cleaning methods for which I am truly grateful. I will not hesitate to recommend you to friends and family. Thank you again.

L Pickup, Ash

Wow, our oven looks brand new again! Such a great service, fast, professional and the best value around. Nick was a really lovely guy and left our kitchen spotless afterwardsand no nasty chemicals in sight! Would thoroughly recommend. Now for a takeaway so I don't ruin the oven

S Stevenson , Yateley

Thank you yet again Nick, from Dream Clean Ovens, for another wonderful job well done. Ovens, hob and cooker hood, all look like new and are gleaming clean. Not one bit of dirt in my kitchen when he had finished. Nick is a lovely, friendly man and a pleasure to know. If you want your oven cleaned Nick is your man and his rates are good. Cheers Nick

D Waine, Weybridge

Great job done by Nick on my oven and hob yesterday. Had been left far too long but by the time Nick had finished it looked like new.

Nick was prompt, tidy and even cleaned the kitchen floor before he left! Will definitely use him again and very happy to recommend him.

H Lambert, North Warnborough

I saw Nick advertising that he could make ovens look like new. My oven is 16 years old so I didn't actually expect him to meet this target but just hoped for something reasonably good. What a surprise when he showed me the finished job—totally sparkling and 'just like new!!' Fantastic service, friendly and efficient, arrived at the time stated (in fact slightly ahead of schedule—sorry I was late!). Recommend 100% and look forward to seeing you again for the next clean. **PS—we are not related!**
